

Trikings Triathlon Club

Guideline for the Use of Club Assets

Club Trailer:

Trikings owns and operates a Club Trailer for the use of Members; the Trailer has the capacity to carry 9 bikes and other gear. Preference for its use is given to Club Members attending Triathlon events either in South Australia or interstate. The trailer is for Triathlon or Club promotional use only.

Any request for use of the Trailer is to be made in writing (email Trikings at webmaster@trikings.net.au) or to any Member of the Committee. Any Member requesting use of the Trailer must ensure advice is provided to other Members who may be attending the same event as to its availability for bike transportation.

Trikings will advise the Member any cost involved in using the Trailer at the time of the request. This cost will be minimal and aims to ensure the Club re-covers the costs of insurance and registration. Separate costs to cover petrol etc are at the discretion of the hiring Member, none of these funds are to be retained by the Club.

In the unlikely event where two members request use of the trailer, where different Triathlon events occur on the same date, it will be the decision of the Committee to whom the Trailer is lent.

Advice will be provided as to the pick up and return and return of the Trailer by the Committee.

Cycle Wind Trainers:

The Trikings Club owns a number of static wind trainers for use by Members for indoor cycle training or recovery.

Where a Member requires a wind trainer for ongoing use it is recommended one is purchased through our sponsor, J T Cycles. Where a Member requires a wind trainer for short term training or as a recovery from injury etc the Club will make a wind trainer available at a nominal cost of \$10 per month (or part thereof). The loan period is for a maximum of 3 months.

Any request for use of a wind trainer is to be made in writing (email Trikings at webmaster@trikings.net.au) or to any Member of the Committee. Advice will be provided as to its pick up and return.
